

Sample Titles of Complex Texts by Grade Band

There is no frigate like a book
To take us lands away,
Nor any coursers like a page
Of prancing poetry.
This traverse may the poorest take
Without oppress of toll;
How frugal is the chariot
That bears a human soul!

–Emily Dickinson

Employ your time in improving yourself by other men's writings so that you shall come easily by what others have labored hard for. – Socrates

This sample list of texts includes selections ranging from the Classical Period of ancient Greece and Rome to contemporary texts, representing a full spectrum of genres: classic literature, folktales, poetry, satire, memoirs, essays, speeches, plays, narratives, treatises, founding documents, and histories.

The reading and writing standards have been constructed so that the sample texts serve as mentor texts for students, demonstrating exemplar writing. In many instances, they have also been selected to provide students with background knowledge in topics covered by other content areas, helping students to build the vocabulary and schema that will help them be successful in all of their academic endeavors.

These texts are by authors whose works comprise a rich literary tradition, a tradition with which all students should become familiar. The list should serve as a guide for teachers, curriculum developers, and test makers as they prepare their instructional units and materials for Florida students. It is not intended to be exhaustive but to serve as a foundation for educators when selecting additional rich and meaningful texts.

This sample book list is organized into grades for text complexity guidance. The texts listed here have been selected based on both quantitative and qualitative measures. There are instances in which a student-centered consideration would indicate that a text be used at a lower or higher grade level than indicated here. Further, as students become independent readers—and especially when they are intrigued with a topic—they are often eager and ready to read texts that may be listed here at a higher grade level. Educators should encourage students to wrestle with such complex texts—with proper scaffolding—when they deem it appropriate.
